RM-Kit

RM-Shelf

Sample configuration
Power supply and radio not included

Category:	Power Systems > DC Power Supplies > Power Supplies, Rack Mounted > Rack Mounted Power Supply without Meters
------------------	---

Product Name:	Rack mount kit and extra shelf
----------------------	--------------------------------

Description:	The RM-Kit is a 19" rack mount solution that is compatible with all DuraComm LP, EH, and LPX series power supplies as well as the Mean Well ENP power supplies and ENC battery chargers. The holes are a standard DIN radio size for side-by-side mounting. A second shelf can be added with a knock out that can be easily removed. DuraComm LP, LPX, and EH series power supplies provide 12 volt power from 10 to 30 amps while the Mean Well ENP & ENC series provide 12, 24, or 48 volts in 120, 180, 240, and 360 watt capacities. The units slide in easily and securely with the included screws. The second shelf can also be used to hold a battery for the battery charger and/or a DB-5 distribution panel for power delivery and fusing.
---------------------	---
